

# Gustavo Monnerat da Costa Veronese – Brazil - Curitiba - PR

## Objective: Trainee/Junior/Trainee - Back-End | Front-End | Full-Stack Development

I am a Software Developer and a postgraduate student in Software Architecture, currently focusing on Go (Golang) in my studies. Currently, I work as a full-stack freelancer, developing projects with technologies such as Gin, Express.js (Node), React, Angular, Docker, and AWS. I am always eager to learn more and contribute to relevant projects, whether in open-source or private solutions, with the goal of building well-structured and efficient systems.
